SPECIAL BLUE BIRD FEATURE FOR SUNDAY ONLY

GREAT PLAY

With newspapers everywhere devoting columns of space to the Mexican situation, politicians of all degree rending the air with arguments, and our citizen-soldiers and regular army camping on the trail of the "Greaser" along the border, the Bluebird play to be exhibited at the Joy Theater on Sunday only may well be considered timeliness itself. "Behind the Lines" is the title of the feature, and Harry Carey, Edith Johnson and Marc Fenton will be featured in a large presenting company. Stirring battle scenes, spirited cavalry charges, breakneck examples of horsemanship, wild riding and photographic warfare will provide thrill upon thrill to quicken the heart action of man and woman and child.

HIG BRITISH LINER

ROWANMORE IS SUNK

London, Oct. 27.—The Johnson liner Rowanmore, flying the British flag, has been sunk.

The Rowanmore is one of the largest British liners sunk since the beginning of the war. She was a steel screw, four-master, displacing 10,320 tons, 521 feet long, and with a 59.2 foot beam. She was built in 1900 and was owned by the Johnson Line, Limited, being registered from Liverpool.

The Rowanmore's captain was taken prisoner. (The cable thus indicates that the liner was sunk by a submarine.) The crew was landed.

Like Olden Times—

The digging of sugar beets is in full swing in this district and the road is lined with four-horse teams, reminding one of the times when our farmers raised wheat, which they hauled off in the fall with four and six-horse teams.—Central Point Herald.

Holland Hotel Completed—

The carpenter work on the addition to the Holland hotel has been completed by S. J. Taylor. The new part is 24x50 feet, with a wide veranda on two sides, and gives an additional 11 rooms for the accommodation of travelers.

Leave for Alberta—

Mrs. A. E. Dixon left last night for Calgary, Alberta, to remain, but will stop and visit for a time at Carson, Wash. Mr. Dixon, accompanying a car of stock and household goods, left the same night by freight. The Dixons have been residents of the Jones creek section for the past six years.

Sutherland Shipping Beets—

Thus far 17 carloads of sugar beets have been shipped from Sutherland to the sugar factory at Grants Pass. It is estimated that the crop here will approximate 35 carloads. Twelve carloads have been shipped from Oakland. About ten days will be required to complete harvesting the crop.—Sutherland Sun.

20 Tons Beets Per Acre—

A patch of sugar beets on the Lydiard farm yielded more than 20 tons per acre, which is the best yield so far recorded in this district. Mr. Lydiard only planted a few acres, and so was able to give them the proper attention, and the yield goes to show that this is the right system.—Central Point Herald.

Rev. Booser President—

The Grants Pass Ministerial association met on Thursday afternoon, at the home of Rev. L. Myron Booser, of the Presbyterian church. At this meeting Mr. Booser was elected president of the organization for the coming year. According to the established rotation of pastors and churches, Rev. J. H. Harmon was appointed to preach the Thanksgiving sermon, the service to be held in the Newman M. E. church on Thanksgiving evening, at 7:30.

Savings Are Lost—

Mrs. J. F. Shepherd and Mrs. N. E. Colvin, two old ladies residing near Kerby, came to Grants Pass this morning to lay in their winter supply of provisions and were given a lift on the long journey by the Holland truck. When the purchases were made, Mrs. Shepherd was unable to find the handkerchief which contained their savings of \$30 in gold. A search was made, but was unavailing. She thinks she may have lost it when they got out of the truck. This amount is a small fortune to the ladies, and the finder would save them much sorrow and suffering by returning the money. The ladies may be found at the American restaurant or at Clara Schmidt's.

LADIES' MEETING AT TABERNACLE

The meeting at the tabernacle last night was in many respects the best meeting, so far, of the series.

The attendance was the largest, exceeding even last Sunday evening in the number present. It was "ladies' night," and they came in groups from the different churches and occupied the central tier of seats.

The singing was the best so far heard at the tabernacle. Grants Pass is rich in musical talent and many voices are heard in the chorus. Under the leadership of Mr. Vessey this talent is being developed and the public is missing a musical treat if not present. The duet sung by Mrs. Knapp and Mr. Vessey, entitled "My Faith Looks Up to Thee," was beautiful in sentiment and rendition.

The preaching was the best Mr. Mathis has preached. His subject was "Reasons Our Prayers Are Unanswered," and his text, "Ye ask and receive not because we ask amiss, that ye may consume it upon your lust."

Saturday evening the chorus will be by the children. Union services in the tabernacle Sunday morning, at 11 o'clock.

FOOTS CREEK

Geo. Floyd, Lance and Grant Matthews spent a few days hunting on Elk creek. They killed two.

Howard E. Wharton, of Gold Hill, spent Sunday in Medford.

Several of our popular young folks have announced their engagement.

James and Will Cotton returned last week from Klamath Falls.

A. L. Bostwick, editor of the Rogue River Argus, spent last Thursday in Gold Hill.

Mesdames Melton and Slavin were callers in Rogue River Wednesday. M. S. Johnson and M. D. Bowers

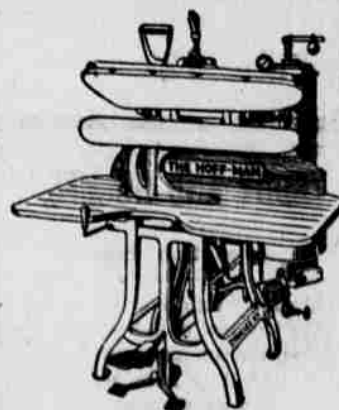

returned from a hunting trip a few days ago. They report a good trip and killed five bucks.

Ninety-five per cent of the voting populace of the south side of Foots creek signed a petition for an irrigation district. The committee is composed of G. B. Alden, C. P. Champlain, D. H. Head, and Fritz Elsmann. The committee will go before the county court November 9. The project embraces 1,200 acres. But two land owners opposed the project.

The cement plant at Gold Hill is temporarily shut down. Geo. Lance recently purchased a

horse and buggy from Mrs. Fitzgibbon.

Albert Mattis purchased a thoroughbred Duroc-Jersey pig from V. W. Birdseye.
